# **16.** ANY OTHER BUSINESS

• Standing of Inspections COP (AF) as is non statutory. Agreed that cannot 'cherry pick' to apply parts of the COP, & if opt out of the COP, then this needs to be declared formally at Local HAUC. Also if no confidence in a Utility call centre, then this should also be declared at a local HAUC. If a proven track record of non response to repeat defects then the JUG side would accept reasonable costs, providing an engineering summary of cost is attached. Highway Authorities do have to comply with the Highway's Act (1980) & therefore any do have the
